COMMITTEE REPORTS:

Sunshine – So far this month everybody seems to be doing OK!New EARS Website is now operational n looking great.

Ham-Fests – Tampa TARC did go ahead with their Hamfest, however, nobody attended due to COVID issues.

Repeater – Nothing to report.

ARES – (Formerly RACES) – CARS Simplex Drill – Jim Nelson Attending, was successful with 2 regional base stations pus command post. Handheld (HT) ‘radio’ rovers spread out up to 5 miles. Test messag-

es sent to Command HQ. Issue noted was QRM on simplex protocol, as suggested and noted. **CERT Monthly Meeting**, as noted by Doug Frasier KE5ODR, has finished initial class regarding **Ham Radio Basic** consisting of **History of the Hobby (HH) and Fundamental Operating Procedures.** (Congratulations and Thank You to all participating Instructors & Students. This is a giant step!)

Publicity — W1JP/ Discussion WINLINK demo and testing at Indian Mound Park last month provides a better understanding of possibilities and limitations of West County to EOC RMS & New Stadium Repeater site.

DX – Band conditions are improving, marginally. Activity is somewhat more evident, with slight improvement in sunspot generation. Six Meters is fun too and usually very unpredictable. CARS is delivering an info and construction class pertaining to a 6 Meter antenna build.

Testing – None done, none scheduled

Technology –

OLD BUSINESS

As per Pam we currently have a total of thirty-four vote eligible members. Slate for Trustees presented, KE5ODR, Doug Frasier & N1COC were nominated and approved unanimously. Bob McAllister and Pam will discuss further officer slates.

Minutes continued.....

HF Winter Field Day is January 30th, 2021.
To be discussed.

EARS Simplex Drill Committee, TBD

Boca Grande as rover truck by Jon Blincoe.
Indian Mound Park perhaps mobile rovers.
Date end, of February,

Jan 12, 2021 Meeting will continue online.

A Christmas Star

Something that hasn't happened in 800 or so years occurred this mid December. The planets Jupiter and Saturn converged in the Southwestern night sky to form a seemingly brightest "star" to view. Depending on how good your eyesight is it looked like a star, or if you used binoculars you could see the two planets separately. Our own Ken Blackshaw, W1NQT, went one step further and hooked his I phone up to a spotter scope and snapped the picture below:

We all know Ken is an avid ham radio operator, but he also enjoys birding as a hobby.. So he's good at snapping photos. What I found so interesting in this photo is that some of Jupiter's moons are visible! Very Galileo Galilei like! Thanks Ken!

Maria Restaurant Tuesday morning updates!

EARS members have been meeting Tuesdays at Maria restaurant, just south of Dearborn Street on Indiana (SR776). We are eating outside to keep in the fresh air and be respectful to the Covid! The food is good, the prices are reasonable, the service is good (and friendly) and the company is great!

L to R: Enjoying breakfast at Maria
12 22: N1COC, W1JP, N9USZ

K2GQG, and W1NQT

It was a bit chilly outside, but several of us agreed to bring jackets next time to eat outside until the vaccines kick in!

2 Meter Chat Net:

The club conducts a two meter chat net every Tuesday evening on K8ONV, 146.865 136.5HZ tone, -600 transmit. On Tuesdays that the club holds its meeting, no net.
