Boca Grand Island are EARS Engineers too. EARS support-

ers are using their skills, talent, and experience to install island wide reliable emergency communications in place and sucker punch the next

destructive weather event. Thank you to the two Jon's for efforts resulting in community communications excellence.

**EVENTS & ACTIVITY:** Events & Activities Directors are Bill Reid, Steve Bishop, and Bernie Schmalz. They and other members are working on Winter Field Day. Radio Fox Hunt, AM Radio, and FT8 Digital contesting all possible activities. Bernie Schmaltz & Jim Nelson are deeply involved in the **Waterfest** activity, which will take place November 17<sup>th</sup>, 18<sup>th</sup>, and 19<sup>th</sup>. EARS will have a Booth explaining Ham Radio and if you wish to help out please contact **Jim Nelson** for more information.

**HAMFESTS:** None close of us that can be driven to in an electric car and one charge of new electrons.

**ARES:** Hurricane season is still upon us . Since we were treated to ANI's foul behavior, it is important that we think of our Charlotte County Flares, SARS members and participate in practices, activities as a dress rehearsal for Hurricanes that make an appearance in SW Florida. ANI hit us right on the nose on September 28<sup>th</sup>, 2022, Hams and the public need to understand what the real purpose of Ham Radio has always been for civilian wellbeing. That is, sharing information with the authorities who have the responsibility of Charlotte County, and who interface and provide support via ARES and CC Flares with training and resource access. The Hawaii disaster two weeks past indicates there were not enough Ham Radio Operators to assist. Perhaps that was true in the Middle East as well.

**OLD BUSINESS:** Jim Nelson is working feverishly on **Waterfest** communications requirements, please help as your schedule allows. Shifts are still available. We are having an EARS booth at Waterfest this year.

**NEW BUSINESS:** Further discussion this month regarding financial, club status, and other pending subjects was discussed.

**Steve Bishop** moved to close the October 10th, 2023, meeting. Bob McAlister seconded the motion to adjourn.

The meeting closed at 20:04 Hrs. There was a brief Train Me session after the close of the meeting.

## *Breakfast at Junior and Rosie's*

Breakfast at J&R's continues to be a popular club event. The prices are right, the food is good, and the ham radio fellowship is great! The group meets between 7 and 7:30 am for food and fun. This summer we average about 8 club

Fun and fellowship at Junior and Rosie's

members every Tuesday. Thanks to Jon Blincoe, **NICOC**, for arriving early and setting up the tables for our group.
