DX Summit will be next month. Bill Reed encouraged new licensees to use 10M band since it usually has a lot of action and if fully available for Tech operators.

Last month's DX contest awards were presented, Bill Reed and Jim Sanford having recorded the most contacts

There being no further business, the meeting adjourned at 2015 hours.

MEETING MINUTES

ENGLEWOOD AMATEUR RADIO SOCIETY
Minutes – September 10, 2024

Members in attendance: N1COC

Jon Blincoe, N3MR Michael Reid, WA9LFQ Herman Hoffman, W2CWL Bill Dolan, K2SDA David Lynch, K7WWR Bill Reed, W1NQT Ken Blackshaw, KQ4PSG Clive Towndrow, KD8KII Charles Lane, KM4GX Steve Bishop, W4RFV Tony Levenson, KN4YIU Shirley Duke, KN4YIV Steve Malone, KN4NFX Steve Froggatt, N9KWB Roger Mattila, W1JP Jon Pellant, W4All Jim Nelson, WO4KAC Kelly Combes, KN4RKE Bob McAlister, K1BES Bernie Schmelz.

The Secretaries' report was posted in the newsletter. Motion to accept as posted by Jon Blincoe, second by Steve Froggatt. Vote – all in favor

The Treasurer's report was posted in the newsletter. Motion to accept as posted by Steve Froggatt, seconded by Kelly Combes, Vote – all in favor.

Bob McAlister made a presentation on how to use a NANO VNA and its many uses including antenna tuning, resonance, channel tuning, noise tracing and many other uses. NANO VNA's have been around for many years and many members have one, but not everyone uses them to the maximum extent. Bob's presentation was extremely useful. Members asked many questions and found the presentation very informative.

DX – Comms – Members reported lots of contacts, of particular interest was Venezuela and Tonga.

Election of Club Officers:

The Club Officers for 2025 will be elected at the Annual Meeting, January 2025. If you are interested in running for an Officer position, please contact **N3MR**, Mike Reid. Mike is heading up the nomination committee. Mike will report the Nominating Committee results at the December meeting. To vote in the election, a member must be current in club dues, so please renew before the January meeting.

TIME TO RENEW CLUB DUES:

It's getting close to the end of the year, and that means it's time to renew your club dues. Page four of this newsletters contains detailed renewal information/options. Remember, if you want to vote at the Annual Meeting, you have to be current in your dues! You can pay cash at a meeting, mail a check to our PO BOX, or use the Paypal button on our webpage. You do not need to have a Paypal account to pay, just a credit card.

Breakfast at Junior and Rosie's

Breakfast at J&R's continues to be a popular club event. The prices are right, the food is good, and the ham radio fellowship is great! The group meets between 7 and 7:30 am for food and fun. Eleven Club members at the last breakfast.

Upcoming Club Activities

December—Nominations presented for Election of Club Officers
Foxhunt 1st or 2nd Sat. TBD

January - Annual Meeting, elect Officers.
Winter Field Day 1/24 - 25 2025

Monthly Meetings at COC

As mentioned in the header of the newsletter, the club meets the second Tuesday of the month at the Englewood Chamber of Commerce, next door to the Fire Station in Englewood.. The meeting starts at 7pm. After the meeting, we like to have a speaker to present interesting technical, operational, or otherwise ham radio oriented topics. If you have a new rig, antenna, ham radio software, or tips about ham radio operation, please contact a club officer to schedule a time to share your info with the club members!

ECHOLINK Update:

Work continues with the Echolink committee to purchase and install a new link node and associated equipment. with a target of December/January. The new system will be located at the club repeater site, and will eliminate the local RF connection to the repeater. Since the repeater site is "hardened" the echo link telephone connection to the repeater and power should be

more reliable during storms.

2 Meter Chat Net:

The club conducts a two meter chat net every Tuesday evening on N4EAR, 146.865

136.5HZ tone, -600 offset at 7:15 pm. On Tuesdays that the club holds its meeting, no net. If you are using echo link to check in, use the N4EAR node.

The club is always looking for net control operators. If you would like to participate as a net controller, please let a club officer know!

The current monthly rotation is:

Week 1: KN4NFX

Week 2: Club meeting, net not held

Week 3: W1NQT

Week 4: W4AII/KM4GX

Week 5 (if needed) : Open

If you can not commit to full rotation, please volunteer for "substitution" rotation.

Simplex Emergency Network:

If you have not participated in the simplex net, and are interested in being added to the list, please let a club officer know. We are hoping to have an alternative/back up to the club repeater for emergency and non emergency communications. The frequency used is 144.200 Mhz. (Simplex). The frequency may change in the near future. The club is developing a spreadsheet to note point-to-point capabilities and relay stations.

ECHOLINK Update:

Work continues with the Echolink committee to purchase and install a new link node and associated equipment. with a target of December/January. The new system will be located at the club repeater site, and will eliminate the local RF connection to the repeater. Since the repeater site is "hardened" the echo link telephone connection to the repeater and power should be more reliable during storms.

The Editor is always looking for articles and pictures for future newsletter printings. Send pictures of your shack, antenna farms and equipment!

This is the list I have of members in good standing through 12/31/2024. Thanks,

Bob KN4RKE, Treasurer, lobanker@hotmail.com.
