- Frank Maren reported that the 146.865 Repeater will be down for a while due to a slight audio problem.
- Marty Horowitz reported that the 146.700 Repeater will be closed permanently. Verizon will be putting up a cell tower. Therefore, we need to find another location for our Repeater. Furthermore, until then, we will need storage for the cans or try to sell the cans at the Orlando Hamfest. After further discussion, it was decided to store the cans until a final decision could be made.

Annual Party

Saturday the 29th of January over 30 members and spouses attended the dinner and annual meeting previously held in December. The date change allowed several of our seasonal members to take part. Dinner choices were chicken, beef and fish; all looked good and I heard no negative comments. Appetizers included shrimp, stuffed mushrooms and cheese and crackers. Ummm!

Here are a few photos.

In my first issue of this newsletter I'd like to start a "letters to the editor" section where issues can be discussed that might help the club understand members opinions better.

I know that there are many discussions held at club meetings that never reach those members who are not present.

One question I have as a relative new comer is this: With about 60 dues paying members why is it that most club functions are planned and carried out and attended by such a small number of members?

If you can't remember the last project you took part in then answer me this. Why?

Maybe it a scheduling problem, maybe there are personality conflicts, or maybe you are just to tired or bored to join in. Why aren't you more active? What would you like your club to be?

Send me an email at K4MWD@arrl.net Put **Editor** in the subject line. Please observe common rules of civility in your comments.
